REMARKS

Applicant appreciates the Examiner's consideration of the Response After Final dated December 28, 2006 (the "previous Response"). The Advisory Action indicates that claims 5-7 and 21 are objected to, and the Office Action indicates that claims 5-7 and 21 would be allowable if rewritten into independent form including the limitations of the respective parent claims.

Accordingly, in order to avoid additional delay and expense, this Response amends the claims in accordance with the subject matter indicated as allowable.

Specifically, since the parent claims for claim 5 were claims 1 and 4, this Response amends claim 1 to include all of the features of claims 4 and 5. Similarly, since the parent claims for claim 21 were claims 18 and 20, this Response amends claims 18 to include all of the features of claims 20 and 21. Claims 2-3 and 6-7 depend from claim 1, which is allowable; and claim 19 depends from claim 18, which is allowable.

Consequently, claims 1-3, 6-7, and 18-19 are in condition for allowance.

CONCLUSION

For all of the foregoing reasons, reconsideration of the present application is respectfully requested. If the Examiner has any questions, the Examiner is invited to contact the undersigned at (512) 732-3927.

Respectfully submitted,

Dated: Feb. 1, 2007
